# WHY CHOOSE PTI SECURITY SYSTEMS

At PTI, we don't rush to be first, we wait to be the best. By learning from the industry's mistakes, we've engineered the most reliable hardware available.

## The PTI Advantage

- **Future Proofed By Design**

PTI Security Systems hardware and software are designed for adaptability and longevity; built to scale as needed.

- **Local Australasian Support**

Our Australian-based support team serves the entire APAC region, ensuring seamless coverage across Asian and New Zealand time zones.

- **2 Year Warranty**

We stand by our build quality. Need extra peace of mind? Ask us about our 3-year warranty option.

- **Monthly Subscription**

Manage your entire facility with StorLogix Cloud via a simple monthly subscription.

- **Need Equipment Quickly?**

We hold ample PTI stock in every region. Need a replacement part, we have it shipped on the same business day!

- **Local Installer Network**

Talk to us to find the best installer for your PTI installation.

- **Backed by ASSA ABLOY**

PTI Security Systems is a proud member of the ASSA ABLOY family, the global leader in access solutions. When you partner with us, you are backed by a global leader in access control.

**Unrivalled  
Security.  
Built for  
Self-Storage.**

# ACCESS CONTROL

## STORLOGIX CLOUD

Upgrade your self-storage facility with StorLogix Cloud, award-winning platform for effortless access control. Manage your site from anywhere, and no on-site PC required.

### Remote Management

Access and manage single or multi-site data and tenant activity from anywhere in the world on any device

### Real-Time Data

View instant notifications for on-site activity and security alerts.

### Automated Updates & Backups

Updates and backups are automated to ensure your data is always safe and recoverable.

### Centralised Control

Manage your operations across all your facilities through a unified dashboard, with remote access to gates, doors, lifts and lights.

### Reduced IT Costs

Eliminate the need for expensive on-site servers and manual software updates.

### Mobile App Control

Empower managers with StorLogix Mobile for remote site oversight, and customers with StorID for seamless Bluetooth entry.

### Local Data Centre

Your data is stored locally, which means ultra-low latency.

### Notifications

SMS, Push Notifications, Email and Webhooks.

# CLOUDCONTROLLER

## Native Cloud Hardware for Reliable Security

A cloud-native hardware hub that connects your site to StorLogix Cloud. It syncs real-time data for seamless, portfolio-wide remote access management.

FEATURE	FALCON XT	CLOUDCONTROLLER

# CLOUDCONTROLLER

Native Cloud Hardware for Reliable Security

## The Value of the CLOUDCONTROLLER

### SCALE YOUR OPERATION

The CloudController integrates with the latest security technology and data visualization tools so you can scale your self-storage operation and effortlessly monitor it from a remote location.

### AUTOMATIC UPDATES

The CloudController's programming updates automatically, saving you money on maintenance costs and giving you more time to focus on revenue-driving activities.

### SEAMLESS INTEGRATION

PTI's cloud-to-cloud integration seamlessly links your site's hardware to your access control and property management software, giving you greater control and visibility across your portfolio.

### ENHANCED OFFLINE MODE

Perform critical business functions even when the internet is down and keep your storage facility open for your tenants.

# MOBILE APP CONTROL

Our dual-app ecosystem streamlines managers operations and allows customer mobile access to the site.

## STORID

## STORLOGIX MOBILE

### STORID FOR CUSTOMERS

A premium experience for the modern renter.

- Interfaces with StorLogix Cloud.
- Opens gates and units equipped with smart hardware with Bluetooth - eliminating the dependency on codes.
- Securely grant access to family and colleagues when are facilities leverage smart devices.
- View access history and pay rent directly within the app.
- Customise the StorID app with your logo and colours.
- Ask us about our API to connect StorLogix Cloud to your own app.

### STORLOGIX MOBILE FOR MANAGERS

Manage your facility from anywhere in the world.

- Interfaces with StorLogix Cloud.
- Trigger gates, doors, lights and lifts from anywhere.
- Receive notifications for unusual site activity.
- View who is on-site and review historical activity logs.

# API ACCESS AVAILABLE

Real-time info for smarter storage

## PTI's API is built for the storage operator.

We've stripped away the complexity to give you total control over your facility's data.

- **Real-Time Data**

See gate movements and security alerts as they happen.

**Total Access**

- It's your data. With the option of account level data access, we give you the ability to pull any information you need.

- **Built for Storage**

We understand the specific needs of storage operators, so our API provides the insights operators desire.

- **Webhooks**

Don't go looking for data, let it come to you. Our system pushes updates instantly.

- **Built for Growth**

We are constantly adding new features and improvements. Future-proof your facility with technology that grows with you.

**API is open and included with an SLC subscription at no extra cost**

- **PMS Software Integrations**

Your StorLogix Cloud data can be integrated with many Property Management Software (PMS) platforms by using our API or BridgeApp.

CC Storage	Space Control

Self Storage Manager	Yardi Breeze
SiteLink	Yardi Centershift

PTI SECURITY SYSTEMS

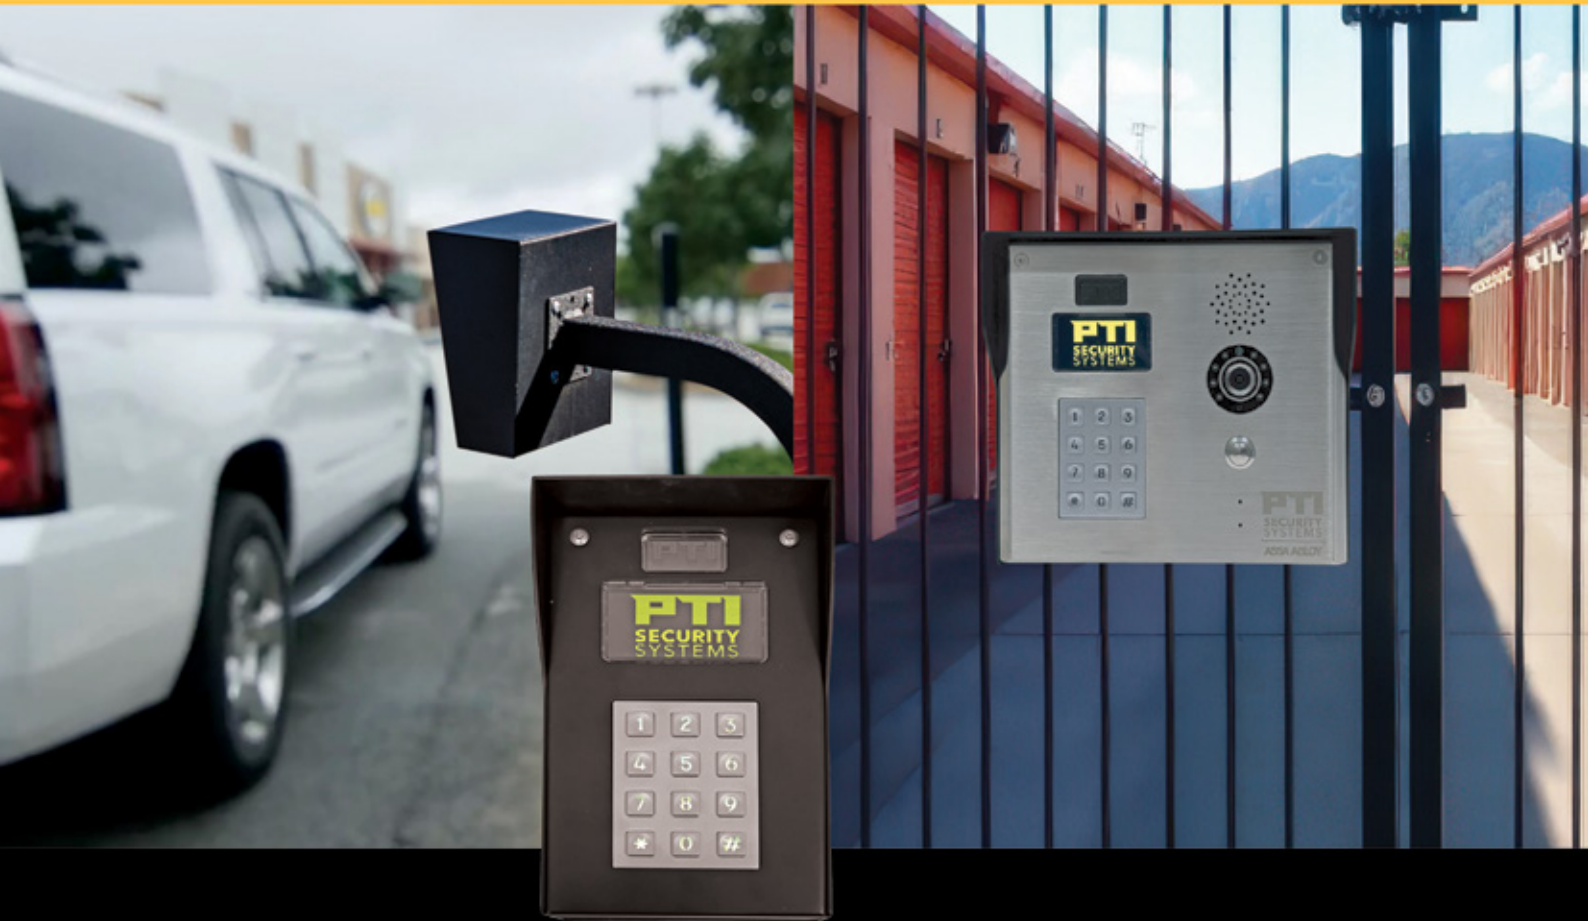

# KEYPADS

## AP1 & AP1+

Elevate your facility's security and customer experience with PTI's industry-leading keypad series. Built for durability and seamless integration with StorLogix Cloud.

### APIKEYPAD

### API+KEYPAD

**A powerful upgrade to the classic VP series, focused on speed and security.**

- Interfaces with StorLogix Cloud & Desktop software
- OLED display for custom facility messaging.

Weather-resistant clamshell chassis for easy servicing.

Enhanced Bluetooth range for "stay-in-car" gate

- access via StorID app.

2 year warranty. Ask about 3 year.

**The ultimate smart keypad, combining touchless entry with real-time visibility.**

- Interfaces with StorLogix Cloud & Desktop software

- Captures real time video with infrared for enhanced night vision

- 2-way intercom provides increased remote capabilities for operators even while remote.

- Enhanced Bluetooth range for "stay-in-car" gate access via StorID app.

- 2 year warranty. Ask about 3 year.

# DOOR ALARMS

## Wired, Wireless & MUX

Enhance your facility's protection with PTI's industry-leading solutions.

### Wired Alarms

Highly reliable, cost-effective, and low-maintenance. Ideal for new construction.

### Wireless Alarms

Quick installation and 100% retrofittable with no wiring. Great choice for existing sites.

### Multiplexer (MUX)

Efficiently routes alarm data back to the CloudController providing real-time alerts in StorLogix Cloud and StorLogix Mobile.

PTI SECURITY SYSTEMS

# DOOR LOCKS

## PROEDGE SMART LATCH

Experience the future of facility security with the PTI ProEdge Smart Latch. Seamlessly retrofitting into existing doors, it eliminates the need for padlocks while providing robust, automated protection.

- Interfaces with StorLogix Cloud.
- Unlock using StorID app via Bluetooth.
- Real-time monitoring and activity logs.
- Integrated sensors detect tampering instantly.
- 3 year battery performance
- 2 year warranty. Ask about 3 year.
